CORPORATE SEATING AND INTERIOR TRIM

According to Bell Product Specifications

The corporate cabin seating consists of five 'overstuffed style' seats with individual seat belts and single strap shoulder harnesses, arranged with two extra wide forward facing outboard seats and a middle seat for occasional use across the rear of the cabin (with a fold down arm rest between the outboard seats) and two individual rearward facing seats aft of the cockpit. The corporate interior trim consists of full plastic closeouts on all airframe areas, fabric covered outboard headliner blankets, and armrests covered with color coordinated leather. The flooring is 100% wool cut pile carpet.
